

AFL HEAD BACKS NON-RED LAW

BRITISH UNLOAD ONE SHIPLOAD OF JEWISH REFUGEES IN GERMANY

MUCH VIOLENCE FLARES DURING DEBARKATION OF "EXODUS" PASSENGERS

BY RICHARD KASISCHKE
HAMBURG, Germany, Sept. 8.—(AP)—The British government landed today 1,206 of the Exodus 1947 Jews it barred from Palestine, but only after soldiers had clubbed or fisted scores who resisted a loud-speaker invitation to step peacefully onto German soil.

Cries of "This is Hitlerism" came from the Jews as they boarded trains which carried them to the Fürstendort detention camp for future disposition according to nationality.

On Sea Since July 10.

The Jews disembarked today from the transport Ocean Vigour, one of three ships on which Britain returned the refugees from Palestine after overtaking their uncertified immigration ship, the Exodus 1947. They have been at sea virtually ever since they left France for Palestine July 10. The two remaining transports are due to unload tomorrow and Wednesday.

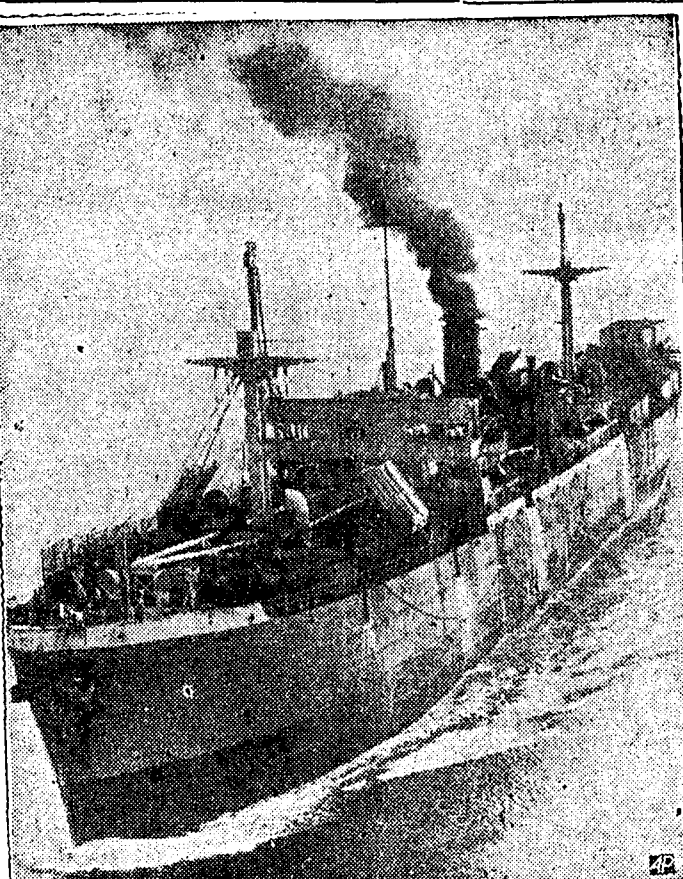

A reporter who witnessed the evacuation operation below decks estimated that "one in seven" of the Ocean Vigour's passengers had to be removed with some degree of physical pressure. Correspondents on the dock agreed they had seen at least 50 Jews manhandled down the gangplank with the action against them ranging from clubbing to pushing and carrying them bodily.

Violence Delayed Hours.

The disembarking began peacefully at 8:20 a. m. For almost three hours there was no visible sign of violence while refugees moved down the gangplank. Bearded men, boys, women, and slim young girls came on board, some helped by beretted soldiers carrying machine guns.

The loudspeaker played "Saturday Night Is the Loneliest Night in the Week," and other tunes.

There was some trouble round the docks, however, and about 9 a. m. this became apparent to reporters held back at dockside vantage points. Recalcitrant men, women and children were dragged and pushed down the gangplank by soldiers wielding clubs and rubber truncheons, or "smackers."

JEW TURNED BACK FROM PALESTINE—The British Transport Runnymede Park, one of three vessels carrying some 4,400 Jewish immigrants intercepted while trying to gain illegal entry into Palestine, passes through the English Channel under escort of a destroyer (background) en route to Hamburg, Germany, where they were expected to disembark. The Jews who sailed for Palestine from Sete France, July 10, aboard the Exodus 1947 were destined for camps near Luebeck, Germany. (AP Wirephoto.)

GREEK PARDON UNDER INTERNATIONAL BODY OFFERED GUERRILLAS

ATHENS, Sept. 8.—(AP)—The coalition government announced tonight it would invite an international commission to oversee an unconditional general amnesty to guerrillas who surrendered quickly.

Premier Themistokles Sophoulis added parliament that if the government is granted an unconditional general amnesty to all political prisoners, tried or untied. Even if the rebellion does not end, Sophoulis said, the government will re-examine "without ideological prejudices" the question of prisoners deported to island zones.

The new government, inaugurated last night, combines two traditionally hostile political parties.

NEW, ROUGHER PHASE OF U.S., RED CLASH SEEN AT U.N. MEET

By JOHN M. HIGHTOWER
WASHINGTON, Sept. 8.—(AP)—Diplomatic relations with Russia are likely to enter a new and rougher phase at the United Nations general assembly session opening in New York next week.

A whole series of dramatic diplomatic developments heightening the Russo-American conflict and bearing vitally upon related problems of the European economic crisis are in prospect here, after Secretary of State Marshall leads the American delegation to the assembly meeting.

Truman Verdict Awaited.

Foremost among these will be the Truman administration's decision on whether to call a special session of congress to consider a temporary aid fund for Europe. This would be an advance against the billions which the administration hopes congress will provide early next year for the long term Marshall recovery program.

State department experts gave up their back once holiday to work on the latest facts and figures American officials brought back from the current Paris economic conference seeking to translate the mutual-help idea into concrete terms.

Red Advantage Feared.

While it has not been emphasized in recent state department pronouncements on the subject, one of the main considerations in official thinking on the European situation is this: If the United

U.N. PALESTINE COMMISSION SAYS ASSISTANCE FOR EUROPEAN JEWS WOULD SPEED HOLY LAND PEACE

LAKE SUCCESS, Sept. 8.—(AP)—The United Nations Palestine committee declared unanimously today that immediate help for 250,000 distressed European Jews would speed considerably the problem of the Holy Land.

The committee called on the U. N. assembly to do something for the Jews in the European assembly centers as a "vital pre-requisite to settlement of the difficult conditions in Palestine."

The full report of the Palestine committee was made public a week after the summary and recommendations were released in Geneva and Lake Success.

A committee majority of seven

YANK FLIER RELEASED, 9 OTHERS HELD, INCLUDING RABBI OF U. S., FOR "JEWISH PLOT" BY FRANCE

PARIS, Sept. 8.—(AP)—Reginald Gilbert, American flier, has been released from custody, officials said tonight as court orders were issued holding an American rabbi and eight other persons for further investigation of an alleged plot to "bomb" London with Stern Gang leaflets.

Authorities declined official comment, but the best available information was that the 23-year-old flier had worked with police to frustrate the leaflet plan. Gilbert supposedly remains under police protection, awaiting a chance to leave France.

Gilbert had been seized at a suburban airport Saturday night with Rabbi Baruch Korff, 33, co-chairman of the American Political Action Committee for Palestine, Korff's red-haired secretary, Judith Rosenberg, 25, also was seized as the group started from their

MISS AMERICA SNUBS "CAREER"

ATLANTIC CITY, Sept. 8.—(AP)—A girl who knows what she wants the new Miss America is building her plans around marriage to a medical student already being greeted as "lucky guy" by his classmates, and the usual stage and screen contracts are going begging.

Tall and brunette, Barbara Jo Walker, 21, of Memphis, Tenn., won the title "Miss America, 1947" Saturday night over 53 girls representing 30 states, 14 cities and Canada. A crowd of 18,468 jammed Convention Hall to see her receive the crown from Marilyn Buford of Los Angeles, Miss America of 1946.

"Don't Care for Movies"

Miss Walker said yesterday at her first news conference as reigning beauty. "Very few people are successful at it and I do not care to wait around Hollywood for years trying to be successful."

With the \$5,000 scholarship she won, Miss Walker plans to complete her studies at Memphis State College, marry John "lucky guy" Hummel, 23-year-old medical student at the University of Tennessee College of Medicine, and then "I want to take my master's

U.N. ATOMIC REPORT APPROVED IN SPITE OF RED OPPOSITION

VOTE 10-2 AS POLAND JOINS RUSSIA AGAINST SECOND PANEL PROPOSAL

LAKE SUCCESS, Sept. 8.—(AP)—The main sections of the second report of the United Nations atomic energy commission were approved today by a majority of 10 countries in the commission's political committee. Russia voted against all sections.

The vote on five of the six main sections was 10 to 2, with Russia and Poland in the negative.

On the sixth principal part of the report Russia stood alone in opposition to the 10 countries and Poland abstained.

Agency Is Provided.

The political committee thus completed action on broad proposals for setting up and operating an international atomic control agency. The delegates have worked steadily at this task since early in May.

The opposition of the Russian and Polish delegations was shown quickly when the first section was approved by the 10 to 2 decision. It was the first time the two delegates had formally voted against an atomic report.

When the 12-nation commission's first report was approved last December Russian and Poland abstained. The vote was then 10 to 0.

A series of amendments, mostly Polish, to six working papers forming the back bone of the report were up for debate first in the commission's political committee and eventually to the commission itself on Wednesday. The same voting lineup was expected all the way.

ARMED RIOTERS FACE CONCENTRATION CAMP IN PUNJAB BATTLES

NEW DELHI, Sept. 8.—(AP)—Members of armed groups in terrorist regions of the eastern and western Punjab will be captured and placed in concentration camps, the new Dominions of India and Pakistan announced today.

Prime Ministers Jawaharlal Nehru and Liaquat Ali Khan made this announcement jointly as police gunfire echoed through the streets of New Delhi itself. The death toll rose to 100, the capital of the Dominion of India climbed into the scores as groups of Sikhs, Hindus and Muslims continued communal clashes.

One hundred thousand copies of the statement of the two prime ministers will be dropped in affected areas in the Punjab, center of some of the most bloody communal disturbances.

REP. TEAGUE REPORTS PEOPLE WOULD ASSIST SELF-AIDING BRITAIN

WASHINGTON, Sept. 8.—(AP)—Two Texas congressmen, returning to their offices today after visiting their districts, said the average man is uncertain what should be done about the British economic crisis.

"I think the people throughout the country are willing to help England and other foreign nations as long as they are really trying to help themselves," said Rep. Teague (D-Tex.).

"However, when they stage strikes on the one hand and ask for

MISS AMERICA SNUBS "CAREER"

degree at a university close to John's Hospital."

"It takes about 12 years for a doctor to get started," explained the poised, five-foot seven-inch beauty. "The patient people are going to stand by my schooling so that I'll be near his hospital."

May Teach in College

Then she may become a college instructor in French and English. At Memphis, Hummel said Barbara had telephoned him that the wedding "will probably be next fall." He said he met Barbara two years ago and had been planning with her last year at a Memphis Cotton Carnival dance.

"They ought to make me a judge next year because I can pick 'em quicker than they can," said the elated "lucky guy."

Barbara Jo's father, R. H. Walker, operator of a Memphis dental laboratory, said his daughter even gets a kick out of mowing the lawn. Her mother said "she loves to cook, has designed her own hats for years and knows how to sew."

Before returning to Memphis late this month, the new Miss America will spend 30 days beginning Sunday as a guest of the Mexican government during Mexico's Independence Day celebration in Mexico City.

Enrollment In Schools Here Increases Slightly

CLASSES START FOR 2,611 HERE

By MAX HALL
WASHINGTON, Sept. 8.—(AP)—Millions of little people are going to school this month.

The U. S. Office of Education believes a new record number of youngsters will attend schools and colleges. About 22,620,000 will be in elementary schools. About 2,450,000 of these are six-year-olds, entering the first grade.

They will be starting out on one of the greatest adventures of their lives.

Much Depends On Parents

Much depends on how well their parents have prepared them.

Frances Mayfarth, editor of "Childhood Education," a non-profit professional journal for teachers, says the parents can prepare the children by:

1. Sending them to nursery schools or kindergartens (but these institutions aren't available to many children.)
2. Seeing that they play with other children of the same age.
3. Teaching them to feed and dress themselves, go to the toilet by themselves, and speak so as to be understood.
4. Seeing that they have "experiences" important.

See HALL, Page 4

Classes opened Monday morning throughout the city school system with a grand total enrollment of 2,611 students, an increase over opening day last year of five, according to W. H. Norwood, superintendent.

Another report will be made next Monday from the various schools, Norwood said, and additional enrollments are expected. The census enrollment is expected to approximate 6,000 for persons from the ages of six through 17. Work opportunities are attributed to some of the difference while some students have already finished high school and many do not attend.

The most noticeable drop was in the Junior High school with 300, as compared with 356 last opening day. An increase of three at the High school was noted with 521 as compared with 518 last year.

The students had already enrolled and made their schedules, so classes were inaugurated with a minimum of confusion.

Negro schools showed an increase of 29 with 511 students as compared with 482 last opening day.

There are 89 white and 22 negro teachers in the local system.

Tropical Storm On Mississippi Coast Weakens In Force

BILOXI, Miss., Sept. 8.—(AP)—A tropical storm that was expected to strike the coast near here today seems to have thrown its hardest punches at sea and is no longer considered a menace to residents of the area, the weather bureau reported.

Inhabitants of Ship Island, several miles from the mainland and south of Biloxi, said a series of squalls peppered the island with hard rains around 11 a. m., but that winds were "far short of hurricane force."

At New Orleans the weather bureau, which had earlier reported winds of 50 to 60 miles an hour near the storm center, said indications were that the winds were diminishing and that by the time the storm struck the coast (between Biloxi and Pascagoula) it "will probably not even amount to a hard blow."

Members of the Army and Navy stated at Miami, Fla. that the storm was generated too close to land to experiment with a plan to artificially disintegrate it. Recently the services had reported that with the aid of weather-planes men intended to test a "hurricane-busting" crew which would try to tame the next hurricane by sprinkling dry ice or other cooling crystals from airplanes.

ASK COMMISSIONERS TO BUILD CHAMBERS CREEK BRIDGE NOW

JOE B. FORTSON AND DELEGATION OF TWENTY APPEAR BEFORE COURT

A delegation of 20 persons, led by Joe B. Fortson, reiterated appeals before the county commissioners' court Monday for construction of a bridge across Chambers creek between Rice and Emhouse.

No immediate action was taken by the commissioners.

Fortson pointed out that the request was rejected previously and that 60 days ago the court promised further consideration after the recent state-wide election.

Ask for Bridge.

The group's petition asked that Commissioners G. C. Kent of Precinct 1, and Carl McMullan of Precinct 2, each put up \$2,000 for the bridge, which will cost an estimated \$4,000 or \$5,000.

"The balance needed will be provided for by the taxpayers," Fortson said.

Members of the delegation and Fortson explained that all persons living in the vicinity of Chambers creek were forced to go 60 miles to the nearest bridge.

Count Shows Vote Approved College Building Program

AUSTIN, Tex., Sept. 8.—(AP)—A hotly-contested constitutional amendment designed to allow Texas' state-owned colleges and colleges a \$60,000,000 building program was adopted in the Aug. 23 election, the state elections board's official count showed today.

Rep. Preston Smith of Lubbock, one of the leaders in the opposition to the amendment, announced immediately that the constitutional change would be challenged in court as invalid on several counts.

The official tally showed 102,531 for the amendment, 102,531 against.

See ELECTION, Page 4

Corsicana Business Conditions Remain Far Above Prewar

AUSTIN, Sept. 8.—(AP)—Business in Corsicana, as elsewhere in the state, remained far above prewar levels, according to the University of Texas Bureau of Business Research.

June-to-July declines in business indicators were not as great as they were seasonally anticipated; so the indexes in almost every case moved upward to new postwar heights.

Retail trade fell off in July as sales dropped 6 per cent. When compared with July 1946 sales, however, Corsicana merchants turned in one of the best records in the state. Sales of independent stores were up 12 per cent compared to the 8 per cent hike averaged throughout Texas, and department stores were up 10 per cent.

After the seasonal factor is taken into account, department and apparel stores sales in Corsicana scored 23 per cent June-to-July gain.

Postal receipts totaled \$8,943 in July for a 4 per cent monthly increase.

NO BREAK IN TEXAS HEAT FOR NEXT TWO DAYS IS FORECAST

By The Associated Press.

Oil that has fanned and pin your hopes on next winter—the weatherman sees no heat relief for Texas.

High temperatures have a monopoly on the next couple of days, anyway.

The hot spell is breaking records in many areas. A 10-year record has fallen at Gainesville where temperatures of from 101 to 110 have been recorded every day since Aug. 28.

Henrietta, in the Upper Red River Valley, was the Texas hot spot Sunday with 108 degrees.

Other temperature records included Wichita Falls, 102; Tyler, 100; Houston, 91; Fort Worth, 97; San Antonio, 91; Dallas, 96; Corpus Christi, 92; El Paso 89 and Abilene, 98.

Mulshoe had 22 of an inch of rain, Galveston 11 and El Paso .02.

New Cotton Crop Estimate Slightly Higher Than Last

WASHINGTON, Sept. 8.—(AP)—Agricultural Department today estimated this year's cotton crop at 11,840,000 bales of 500 pounds gross weight.

This compares with 11,844,000 bales forecast a month ago. Last year's unusually small crop was only 8,640,000 bales, while production for the ten-year period (1936-45) averaged 12,500,000. The percentage of cotton acreage abandoned after July 1 was estimated at 12 per cent compared with 3.2 last year and 1.9 for the ten-year average.

Condition of the crop on Sept. 1 was reported at 73 percent of normal.

SLAYER MAY BE ONE OF PAIR SOUGHT IN DALLAS KIDNAPING

DALLAS, Sept. 8.—(AP)—Police in this area today continued their search for two men who robbed and kidnaped a 45-year-old grandmother in downtown Dallas Saturday.

Detective Capt. Will Fritz said one of the two men may be the person who raped and mutilated a 15-year-old San Antonio girl last Wednesday.

Mrs. Martha Rainwater was victim of the kidnapping. She said the two men, both of Latin-American extraction, jumped into her car in downtown Dallas and at gunpoint forced her to drive them to Fort Worth.

She said that after the car arrived at Fort Worth she jumped out, screaming for help. The two men fled and later abandoned the car in Fort Worth's downtown section.

Both of her kidnappers, Mrs. Rainwater said, appeared under the influence of marijuana or some other drug.

She said the two men, speaking in broken English, ordered her to drive to San Antonio after they jumped into her car. The men seemed unsure of their directions and permitted Mrs. Rainwater to drive them to Fort Worth.

In San Antonio, Doroteo Jimenez said that after the car arrived at Fort Worth she jumped out, screaming for help. The two men fled and later abandoned the car in Fort Worth's downtown section.

GREEN TO URGE ALL OFFICIALS OF UNION TO SIGN AFFIDAVITS

LABOR LEADERS MEETING IN CRUCIAL SESSION TO DECIDE POLICIES

CHICAGO, Sept. 8.—(AP)—AFL President William Green said today he would recommend that all officers of the AFL sign non-Communist affidavits in order to use facilities of the National Labor Relations Board under the Taft-Hartley Act.

Green's statement to reporters, at the start of a crucial session of the AFL's powerful executive council, was the first official word on what the federation policy in the new labor-management law would be.

The 74-year-old president of the AFL predicted that the council members unanimously would vote to go along "reluctantly" with his recommended policy.

Lewis One of Council

On the 15-member executive council is John L. Lewis, head of the United Mine Workers and 13th vice president of the A. L. whose official publication, the United Mine Workers Journal, has attacked the required affidavits. Nevertheless, Lewis was noncommittal on his attitude as he entered the council meeting. He grinned when newsmen told him of Green's declaration.

Chicago has delayed until its Boston convention Oct. 13 any decision on whether to sign the affidavits.

All Unions Affected

Without these affidavits, from the top officers of the AFL and CIO, no member union or local will have any standing as a union before the NLRB under an interpretation of the Taft-Hartley Act by the board's general counsel, Robert N. Pennington.

Should the AFL officers clear the way for all their member unions to use the board, therefore, they would have the CIO at a serious disadvantage in bargaining with employers.

The NLRB determines which union is the rightful bargaining agent for groups of employees under the Wagner Act and under the Taft-Hartley Act which preceded it.

Green said the AFL's position would be announced, he thought, at a press conference later today.

See AFL, Page 2

MANAGERS OF PRISON FARMS TO HEAR NEW RULES ON TUESDAY

HOUSTON, Sept. 8.—(AP)—A meeting of all prison farm managers at the state prison headquarters in Huntsville has been called by Manager B. W. Stakes of the Texas prison system for 9 a. m. Tuesday, according to Stakes' secretary, C. C. Springfield.

He said Stakes would discuss with the managers a "new set of rules and regulations."

This meeting is part of Stakes' plans to comply with the prison board's recent directive to "get the system in order."

Saturday Stakes disclosed a complete reorganization is planned for the prison system in order to increase "management efficiency and better existing conditions throughout the system."

The recently reorganized nine-member prison board is backing the plan which gives Stakes, according to board members, a "free hand" in operations and the power "to hire and fire as he sees fit."

Stakes confirmed his new authority Saturday when he announced the discharge of two employees, the Rev. J. V. Y., one of the system's two Protestant chaplains, who had consistently criticized the system for brutality, and Odie Minatra, prison rehabilitation director for the past 18 months.

"EDITORIALIZING" IN RADIO TO BE PROBED, OPENING ON JAN. 12

WASHINGTON, Sept. 8.—(AP)—The Federal Communications Commission announced today it will hold hearings here beginning Jan. 12 on what the National Policy should be with respect to "editorializing" by radio broadcast stations.

The announcement said the FCC will:

1. Determine whether the expression of editorial opinions by broadcast station licensee on matters of public interest and controversy is consistent with their obligation to operate their stations in the public interest.
2. Determine the relationship between any such editorial expression and the affirmative obligation of the licensee to insure that a fair and equal presentation of all sides of controversial issues is made over their facilities.

Edgar A. Guest

(Copyright 1946 Edgar A. Guest.)

THE UNREPORTED VICTORIES

Fame and fortune get the praise. Books and magazines and press tell of all the various ways men employ to win success. But when all is said and done, fame and fortune fall to few; and there's many a victory won never put in public view.

None reports the home content. Since it everywhere exists. Years in patient toiling spent. Miss the fame of pugilists. In the headlines shame is told. But there's little mention made Of the thousands, young and old, Who have never asked for aid.

Humble home enriched with grace. Love and laughter down the years. We are told are commonplace. So no word of them appears. Yet by courage they are won. And by faith they are sustained; And when all is said and done, Nothing better can be gained.

WOMEN AND STYLES

Even the Marshall plan has not caused more comment than has the announced program of the arbiters of women's styles. From all quarters of the country women have sprung to the defense of the simple, uncluttered outfits which were made necessary by wartime restrictions.

If women in large numbers really refused to invest in new fall wardrobes, featuring long skirts and a departure from the hard-won slim lines, the department stores would really suffer. Women going into stores to buy suits, dresses and coats come out with shoes, hose, bags, gloves and other accessories, also. The volume of sales would inevitably fall in many lines.

Merchants are not too anxious, however. They are counting on the fact that if the few women who are always in the vanguard of style are seen around town in these strange-looking garments, their more conservative sisters are bound to follow suit. There may be a hiatus, however, while the girls wear out at least a few of their old clothes.

SHAMING HIPPOCRATES

The poison of Nazism spread widely indeed when it affected the doctors. Five, including the personal physicians of Hitler and Himmler have been sentenced to death by an American crimes tribunal. The charge was responsibility for murders and atrocities committed in medical experiments on non-German prisoners.

CHURCH UNITY

Certain doctrinal problems loom as plans shape for the Assembly of the World Council of Churches set for next summer in Amsterdam. Among the 450 delegates will be 75 from the United States, representing such differing bodies as the Assyrian American church with 3,000 members, and the Methodist, with eight million.

Obviously in such a group there would be wide theological differences. Many of these were left only partly settled in before-the-war conferences that attempted to set up a membership basis for such a council. Among fundamental barriers to be met are matters such as the divinity of Christ and the Trinitarian conception. Such dogma would be unacceptable to Unitarians, certain groups within the Society of Friends (Quakers) and others.

The average layman member is less concerned than in the past with such ecclesiastical details. Yet it is understandable that churches feel the need certain doctrinal structure for furtherance of their work. If this body of world Protestants has difficulty attaining unity, it is not surprising that the political delegates with much more

Personally, we're inclined to let the ver-rians fight the next war.

DAWSON BULLDOGS' GRID CHANCES GOOD IN DISTRICT 23-B.

DAWSON, Sept. 4.—(Sp.)—Coach M. A. Kimbrough's Dawson Bulldogs started intensive practice this week, pointing toward a major role in the District 23-B football race this fall.

Seven lettermen and five squadmen from the 1946 Bulldog team, which ended in a tie with Hubbard for the third place position in the district race, were on hand for the initial practice session. In addition, eleven new candidates are on hand and eager for their first try for the team.

Returning lettermen are Bobby Lawrence and Donald Nowlin, both seniors, occupying an apartment in Terback, Lamar Show at center, Bill Baker, All-District selection last year, Jimmy Davis at tackle, and Charles Bumpers at guard.

The 1946 squadmen who back are Gilbert Horne, Jimmy Hull, J. R. Murray, Jack Pierce and Bobby Nesmith.

New candidates are Dan Allen Baker, Bob Bolin, Billy Gene Cannon, Richard Berry, Eugene Murphree, W. B. Slater, Mickey Loftis, Tommy Owens, Ralph Graves, Ferrell Stiles, and Joe B. Broughton.

COMMISSIONERS

CONTINUED FROM FIRST PAGE
miles out of their way to go to Dallas, Fort Worth and other cities northward.

Fortson disappointed. "I feel disappointed to me put off until after the first of the year," Fortson declared.

Commissioner McMullan expressed hope the bridge and other creek bridges which he said were in dire need of repair, could be constructed and improved early next year.

"There's a lot of creek bridges and they are fairly all are out of repair," he said, adding that "I can't get them all fixed with the money we've got."

Fortson said there had been no bridge across the creek in this area since about five years ago, when the structure was burned, apparently by hunters and fishermen, and later washed out by flood waters.

Citing the proposition that the "taxpayers" would pay all over \$4,000, the bridge would cost, Fortson contended it was good business for the part of the county to approve the project.

Deputy County Clerk J. M. Tullis opened the court session by reading the minutes of the last meeting. The minutes were approved.

The court approved claims according to the docket, as submitted by County Auditor E. Y. Cunningham.

W. W. Green, who leases the county farm, appeared before the court, seeking a refund of his paid rent because of a loss sustained by the burning of two buildings which he had been using monthly and the county's sale of two other buildings, which will be removed from the farm.

Further consideration of the claim was promised.

The court also approved the new bond of Constable G. H. Swafford of Rice.

A.F.L.

He said he would make the issue the first order of business for the council.

The CIO vice-presidents met in Pittsburgh last week and blazed the way for the big decision until the CIO convention in Boston, beginning October 13.

Some of the 14 active members of the A.F.L.'s executive council are among organized labor's most outspoken foes of Communism. But privately they say they object to being singled out to swear they are not affiliated with any organization advocating the overthrow of the U. S. government, as required by the Taft-Hartley Act.

Parents of Daughter

Mr. and Mrs. Lewis Weaver, Jr., are the parents of a daughter, Emily Senora, born Sunday night at the Navarro Clinic, weighing seven pounds, two and one half ounces.

The paternal grandparents are Mr. and Mrs. Lewis Weaver, Sr., Corsicana, and the maternal grandparents are Mr. and Mrs. Martin Wylie, Lonsdale, Ark.

Former Corsicanan To Head Wesleyan Biology Section

FORT WORTH, Sept. 4.—(Sp.)—Haskell McClintock, formerly of Corsicana, will begin duties as head of the biology department at Texas Wesleyan College when the new school term opens Sept. 15.

Mr. McClintock and his family already have moved to the campus, occupying an apartment in the faculty building.

A graduate of Corsicana High school, Mr. McClintock received the B. S. and M. S. degrees from North Texas State College, Denton. He has done further graduate work at the University of Texas, where he was in school during the summer.

Before going to Texas Wesleyan, the teacher was dean of boys at Sap Marcos Academy, also teaching biology and natural science. Previously he had taught in Stephen F. Austin State College, Nacogoches; was high school principal at Paradise, and taught at Purdon.

The science division of TWC, which includes the biology department, is expecting an enrollment of more than 500 next semester. More than \$40,000 worth of science equipment is being added to present facilities in that division.

MRS. TERRY E. FLUKER, JR.

MISS JANE BONNER WEDS TERRY E. FLUKER, JR., IN CEREMONY AT FIRST PRESBYTERIAN CHURCH

Miss Jane Bonner, daughter of Mr. and Mrs. A. H. Bonner, became the bride of Terry Eugene Fluker, Jr., son of Mr. and Mrs. Terry E. Fluker in a ceremony read by the Rev. Andrew Ebers at First Presbyterian Church on Thursday evening at 7 o'clock.

The altar was banked with palms against which were silhouetted white urns filled with white mums and gladioli. Tall white tapers in floor standards provided illumination for the setting.

Mrs. W. P. McCammon was at the organ for the traditional wedding marches and the accompaniments for Miss Audrey Sheppard who sang "I Love Thee" and "Al-ways." "Anniversary Song" and "Trauer" were used as a prelude, and "O Promise Me" was played as background music for the ceremony.

Escorted by Father the bride, given in marriage by her father, wore a grey, double-breasted gabardine suit, with aqua blouse and brown accessories. Observing the traditional "something old, something new," etc., the bride's only jewelry was a bracelet that had belonged to her grandmother. She carried a white prayerbook overlaid with gardenias and staphanotis, tied with white satin ribbons.

Miss Annie Gorge Bonner, her sister's only attendant, wore a grey suit with white blouse and black accessories, and carried a French bouquet of pastel carnations showered with diminutive satin ribbons.

Bill Fluker, brother of the bridegroom, served as best man, and Andrew Bonner, Sam Fluker, Cosby and Joe Steen were ushers.

The wedding reception was cancelled due to the serious illness of the bride's grandfather.

After a wedding trip to Galveston, the couple will be at home in College Station.

The bride was graduated from Corsicana High School in May, 1947 and since that time has been employed in the office of Dr. Dan B. Hamill. The bridegroom was

PLANNING EXTENSION OF CITY LIMITS TO WEST AT EARLY DATE

Extension of the city limits to the west was given concrete impetus early Friday morning when the municipal engineering department was instructed to make field notes immediately so that an ordinance incorporating the territory into the fold could be drafted.

Mayor Hubert T. Braselton, after talking with P. Travis Bullock and Edgar Rittersbacher in an informal discussion Friday said that the ordinance would be presented to the city commission for a first reading at the next regular meeting of the city commission. That meeting is Sept. 16.

Julius Jacobs, city attorney, was informed by Mayor Braselton

that the city engineers, J. Mack Jones and Fred V. Blucher would have the field notes ready for him in time for the ordinance to be drafted.

Addition of the territory is expected to add to the municipal tax rolls, and bring in a territory which has rapidly built up.

It is not anticipated by the commission that the acreage will be added without protest from those now living beyond the municipal boundaries.

At a meeting several months ago when the matter of extension was first pushed out into the open, home owners in the area vigorously protested any move to bring them within the corporate limits.

The ordinance, when drafted, will have two readings at which times protests will be heard by the commission.

Mrs. Helen Miller, former teacher at Sam Houston School, has accepted a teaching position in the Kerens grade school.

EFFORTS TO RE-SEED WESTERN RANGES BY AIR DISAPPOINTING

BY VERN HAUGLAND

WASHINGTON, Sept. 8.—(AP)—efforts at aerial re-seeding of the western range have been something of a disappointment, but the interior department is going ahead with its experiment nonetheless.

The idea of sowing range-grasses in pelleted form, by airplane, was developed by Dr. Lytle S. Adams of Phoenix, Ariz., a retired Seattle dentist, and the interior department spent \$100,000 on it during the year, in seeding Arizona Indian lands.

Extreme drought prevented much of the seed from sprouting. Experts say the grass-seeds may lie dormant for several seasons, until rains heavy enough to dissolve the earthen pellets come along. Hence the results of the first year's experiments may not be determined for several years.

"New Phase" Seen. "This fall the experiment is entering a new phase," said Edward N. Kavanagh, the department's director of soil conservation. "We are going to try planting at higher elevations than before. And we are going to get the seed in this fall, before autumn rains and winter snows set in. We are also experimenting further north than before."

The bureau of land management yesterday awarded an \$87,500 contract to Adams International Pellet company—the same concern that has done the work thus far for these projects:

20,000 acres of grazing land, 80 miles west of Casper, Wyo., which is barren of grass for having served for many years as a driveway for bands of sheep.

30,000 acres of burned-over brush-land 10 miles north of Shoshone, Idaho.

Adams entered the only bid for the work. The Indian office at Window Rock, Ariz., is due to call for bids Sept. 28 for the seeding of 50,000 acres along a strip starting in New Mexico, 20 miles north and west of Gallup, and lying principally in northeastern Arizona.

All of this work will be on the Navajo Indian reservation. Kavanagh said all of the seeding is to be accomplished within 20 to 30 days, before the advent of winter.

Adams already has seeded, for the office of Indian affairs, 10,000 acres of the Papago reservation in southwestern Arizona, 20,000 acres of the San Carlos reservation, east

It Happened 25 Years Ago Today

(From the Files of the Corsicana Daily Sun)

At a recent meeting of the Corsicana Rotary Club meeting a committee composed of R. J. Jackson, E. D. Fillers, Max Almond, C. A. Middleton and Henry Walker, was appointed for the purpose of interesting the boys and girls of Corsicana in continuing their education.

Johnson-Wiggins Post No. 22 of the American Legion met in regular session and elected delegates and alternates to attend the state convention in Waco. Delegates were Beauford H. Jester, post commander; Wayne Brown, adjutant; Robert Irvine, post finance officer; C. A. Davis, Raymond Van Hook, Ole Buck Peterson and Sam J. Little. Alternates were L. M. Morton, Harry Benson, R. G. Molloy, George Gamble, F. M. Seale, M. E. Golden and John Garner.

Ralph Beaton, Sr., prominent Corsicanan, passed away following an illness of several weeks. His funeral services were held at the anti-Klan movement started at the Texas Democratic Convention in San Antonio.

SAMUEL A. REAGAN FUNERAL SERVICES SUNDAY AFTERNOON

Funeral services for Samuel Alexander Reagan, aged 45 years, who died at the P. and S. Hospital at Saturday afternoon following a heart attack, were held from the Corley Funeral Chapel Sunday afternoon at 5 o'clock. Burial was in Oakwood cemetery. He was a retired farmer and formerly resided in the Roane community.

The services were conducted by Rev. L. O. Sluder, pastor of the Powell Baptist church. Surviving are his wife, Mrs. Jessie H. Reagan, Zion's Rest; a son, Guy Reagan, Texas City; three daughters, Mrs. Doris Thomason, Fort Worth; Mrs. Claudia Miller, San Angelo, and Mrs. Dorothy Reese, Corsicana; four brothers, Guy Reagan, Bomarton; C. A. Reagan, Seymour; George Reagan, Trinidad, and Walter Reagan, Miami, Okla., and other relatives. Pallbearers were Glenn Curry, Sam Butler, Vernon Frazier, Jim Frazier, Sam Beasley and Mr. Holcomb.

central Arizona, and 20,000 acres on the Hopi-Navajo reservation, northeastern Arizona.

10,000 Acres Seeded. He also has seeded 10,000 acres of privately-owned land in Texas.

On the government contracts, the interior department provides the seed, and the Adams company pellets the seed and provides for the air planting.

"On account of the extreme drought in the southwest, we have little to show for the work thus far," Kavanagh said. "The Papago planting looked good last spring, but when it was out there recently it was very dry. The grass roots may still be there, though—and we may not really know the results for two or three years."

NORWOOD, ARMISTEAD SPEAKERS AT FACULTY MEETING SATURDAY

W. H. Norwood, superintendent, and R. A. Armistead, president of the Corsicana Teachers' Association, addressed the faculty at its meeting Saturday morning. Plans for the 1947-48 session of school were made.

The superintendent presided and referred to the shortage of teachers and praised married women who once taught, for rallying to fill the ranks. Each principal was presented, who in turn introduced his new teachers—which are 25 in number.

Norwood spoke on "Effective Teaching," and outlined various points by which a teacher can be rated as a teacher and become adjusted to the life of the community.

Armistead, head of the teachers' association and principal of Corsicana Senior High school, welcomed the new teachers and outlined a tentative schedule for meetings during the term.

A short business meeting was held by each school faculty with the principal following the general session.

NAVARRO COUNTY HOSPITAL BOARD IN SESSION SUNDAY

Routine matters occupied the attention of the Navarro county hospital board at its September session at the P. and S. Hospital Sunday afternoon at 3 o'clock.

Need for additional private room accommodations came in for discussion.

Receipts during August amounted to \$8,982.05, while disbursements were \$6,932.04, leaving a balance of \$2,050.01.

A total of 159 patients was admitted, including eight for charity. Forty-one received outpatient emergency treatment without being admitted to the hospital.

There were 55 operations and 50 deliveries during August. Six deaths were reported. Hospital charges were listed at \$254.10, while free services of physicians were valued at \$360. Disbursements were divided as follows: Salaries, \$3,157.50; groceries, \$588.75; utilities \$222.64; drugs, \$514.14; supplies, \$1,293.31; laundry, \$473.55; repairs, \$92.12; equipment, \$210.

Rice Resident Is Injured In Crash

J. Lee Bell, resident of Rice, employed as a car salesman in Dallas, is in the P. and S. Hospital in a serious condition from injuries received Saturday night in an automobile accident.

Bell is believed to be suffering internal injuries. He was unconscious for some time after being admitted to the hospital.

State Highway Patrolmen E. O. Currin and R. M. Arnold investigated the accident. They report the car apparently went out of control near the Ellis-Navarro county line and turned over in an adjoining field.

Brother Of Local Resident Is Killed

Dryan Cecil Parham, aged 42 years, a railroad brakeman, resident of Fort Worth, was killed Sunday by a freight train he was attempting to flag at Ringgold, according to an Associated Press dispatch.

Parham is a brother of D. Parham of Corsicana. Funeral services were held at Fort Worth Monday afternoon. Surviving are his wife, Fort Worth; mother, brother and three sisters.

The Parham barber shop here was closed Monday.

Married at Ennis. Miss Martha Fritz and J. E. McDonald, both of Navarro county, were married Friday evening at the home of the officiating minister, the Rev. W. H. Wheeler, in Ennis.

Prisoner Poses As Visitor, Politely Freed From Jail

PLAINVIEW, Sept. 8.—(AP)—The jail door was open and Sidney Maurice Willburn, 21, charged with bank robbery, walked right on out to freedom after first politely thanking the constable.

But it was just a gag, the former Lubbock taxi driver said as he gave himself up to Lubbock officers yesterday following 14 hours of freedom.

Willburn had been turned into the jail Saturday. When Constable A. W. Patrick came into the jail with two other persons to discuss bail with a prisoner, Willburn complained to the constable:

"I'm through visiting and wish someone would let me out. I don't know why they left me here so long."

The jail door was opened politely by Constable Patrick. Willburn, once outside the bars, addressed a final touch. He stuck his hand through the bars to shake hands with another prisoner, and said "I'll be seeing you."

After thanking the constable he walked out.

After giving himself up yesterday, Willburn explained: "I was just kidding. But when he opened the door I couldn't resist going out."

Houston Air Traffic Heavy. HOUSTON, Texas, Sept. 8.—(AP)—Figures released by Mayor Oscar Holcombe show a total of 220,808 air line passengers passed through the Municipal Airport here during the first eight months of 1947.

The same period last year, the figure was 149,807.

September And Diphtheria

By W. P. BROWN
Of Johnson's Pharmacy

During the month of September diphtheria reaches its highest point in the year. Its fatal victims are mostly children under five years of age.

Diphtheria germs can be carried by an adult without that adult knowing he is a carrier. For this reason no child can be fully protected unless he is immunized.

Regardless of how busy he may be, your doctor will always arrange time to give this protection to your child. Have him immunized at once with this life protecting serum freshly supplied by the reliable pharmacist.

This is the 107th of a series of Editorial Advertisements appearing in this paper each Monday and Tuesday. (Copyright).

SUNDAY RITES HELD FOR MRS. CALDWELL; BURIAL IN OAKWOOD

Funeral services for Mrs. Howard Caldwell, who died at noon Friday following a two and one-half year illness, were held Sunday afternoon at 4 o'clock from the First Methodist church. Burial was in Oakwood cemetery. The rites were conducted by Rev. Erwin F. Schmalz, pastor of the church. Native of Mississippi, Mrs. Caldwell had resided in Corsicana many years.

Surviving are a son, Ellis Caldwell, Overton; a grandson, Eugene Caldwell, Overton; a sister, Mrs. Boyce Martin, Corsicana; a step-mother, Mrs. W. L. Ellis, Stillwell, La., and other relatives.

Pallbearers were Dr. A. B. Horn, A. B. Absher, Gordon Elkins, Frank Burrows, Randolph Mitchell and Frank Lemon.

Corley Funeral Home directed.

Corsicana Soldier Injured In Accident

Pfc. Jamie B. Pritchett, Randolph Field, U. S. Army, resident of Corsicana, received a compound fracture of the left leg in a motorbike-truck collision near the Mr. Calm cut-off on the Corsicana Highway Saturday night. He was reported resting well at Providence hospital in Waco. Back injuries received by Cpl. Donald E. Allett of Eau Claire, Wis., had not been determined by hospital attaches. He was a companion of Pritchett.

Reports from Waco and Mt. Calm are that officers are seeking to locate the driver of the truck that figured in the accident, who is said to have left the scene after briefly stopping.

COACHES, OFFICIALS DISTRICT 23-B MEET; PROBLEMS DISCUSSED

The executive committee of the Texas Interscholastic League, District 23-B, comprising coaches and officials from Kerens, State Home, Frost, Blooming Grove, Dawson, Hubbard, Mildred and Italy, met Saturday morning in their annual session preceding the football season and voted on issues affecting the district football games this fall.

A. G. Sebastian of the Mildred schools, was re-elected secretary of the district committee. G. H. Wilenon of Kerens presided over the meeting as chairman.

The chief problem to come before the committee at Saturday's session was one of eligibility of players. The Kerens and State Home schools presented cases involving status of players, and after discussion at length, the committee declined to give a definite decision in either case, and voted to submit the question to the Texas Interscholastic League for a ruling or opinion as to whether or not the players in question would be permitted to play this year.

Team Fee. Other items voted on favorably by the committee were the setting of the team fee (used to buy a trophy for the district winner) at \$5 per school, retention of the \$25 game guarantee on a two-year basis, sending of a number of complimentary tickets to the visiting coaches, endorsement of Gen. Turner of Mildred to referee some of the games, and officials of the Waco Referees' Association for other games, the setting of admission prices for day and night games, and the selection of all-district players at the end of the season.

Ticket Prices. Ticket prices were set at 25 cents for students and 50 cents for adults for night games, and 20 cents for students and 40 cents for adults for daytime games.

Some discussion was held on the matter of selection of all-district players at the end of the season. It was finally decided that the committee would meet following the regular season, and select first and second all-district teams, as well as selecting players who deserve honorable mention.

Road Employee Is Injured By Crank

Tyree Winstead of Richland employee of Precinct 3, Navarro county, suffered the breaking of his left arm Wednesday afternoon.

Winstead, according to Commissioner Fred M. Copeland, was cranking a road maintainer with his right hand when the crank either slipped or jerked from his grasp, striking the left arm. The right arm and hand was not struck by the crank.

47 Million Dollar Expansion Program Announced By TPL

DALLAS, Sept. 6.—(Sp.)—Approximately \$47,000,000 will be spent during the six years beginning with 1947 by the Texas Power and Light Co. for new additions to its power system, according to an announcement by John W. Carpenter, president and general manager.

The program includes additions to power plants and the building of new high-voltage transmission lines, distribution lines, rural extensions, new substations and the expansion of many existing substations. Approximately \$18,000,000 is being spent for additions and improvements to generating plants and high-voltage transmission lines, and approximately \$22,000,000 will be applied to extending distribution facilities. Another \$1,000,000 has been set aside for labor transformers in substations.

A new generating unit of 63,000 kilowatts capacity is now on order for installation at the Trinity generating plant. The \$7,000,000 being expended in 1947 includes construction of 132,000-volt transmission lines from the Trinity generating station to a point between Dallas and Fort Worth, another from Trinity to Hillsboro, and one from Jewett to Lufkin. New substations have been built at Crockett and at Liggett, and work has begun on one east of Tyler. Major additions have been made to existing substations at Hillsboro, Jewett, Lufkin and Trinity. Rural and distribution lines have been extended throughout the entire area served by the company.

MRS. JANE OMBERG RITES HELD FRIDAY AT EMMETT CHURCH

Funeral services for Mrs. Jane Ombert, aged 84 years, long-time resident of the Emmett community, were held from the Emmett Baptist church Friday afternoon at 3 o'clock. Burial was in the Emmett cemetery. Mrs. Ombert died at Emmett Thursday afternoon following a five weeks' illness.

Native of Louisiana, the family resided in East Texas a number of years before moving to the Emmett community 41 years ago.

Surviving are three sons, Lucius Ombert, Senly, A. A. Ombert, Emmett, and E. E. Ombert; Frost; three daughters, Mrs. T. F. Dunagan, Emmett; Mrs. Ted Abner, Palestine; and Mrs. Ruby Honea, Frost; and a number of grandchildren and great-grandchildren.

Wolfe Funeral Home directed. A change of residence has taken Mr. and Mrs. Tom Paschal to Kerens to make their future home.

HIGH COTTON PICKING WAGES LURE WORKERS FROM CORSICANA JOBS

The cotton-picking dollars are wolf-whistling at Navarro county labor.

If there is doubt that it is so, one has only to look over the records of the Texas Employment Commission.

W. B. Reedy, manager of the Corsicana office, already confronted with as difficult an overall job picture as has been created in recent months, found the cotton fields calling—and the answer, coming fast.

According to Reedy, for the first time in many years workers are leaving standard jobs for the cotton patches—the lure of abundance in crops plus \$2 to \$2.50 per 100 proving stronger than their own jobs offered.

Many Males Go Out. "Many a Corsicana housewife is seeking a replacement for a male who has heard the jingle of cotton picking dollars," Reedy said. "Cooks and dishwashers and servants, and even those who have followed building and contracting trades have heard—and heeded—the call."

"Many are planning to follow the harvest through the West Texas area where the largest cotton harvest is expected to be harvested."

Reedy is glad for the cotton fields. It probably is the only real bright cheering item he found as the summer pulled into being. In 30 days there has developed a situation that shapes up something like this:

1. Job seekers claim they are available for suitable employment where a livable wage is offered. 2. Employers say they are paying all they can under the circumstances. 3. Many are unemployed. "Employers are tightening their specifications for workers, and are passing up the individual they would have enjoyed meeting a few years ago when surplus manpower nearly ceased to exist," Reedy said.

Three "Offers" Cited. He offered the statements of employers that he has heard so constantly they have become routine, and rather weaves a pattern:

1. "I want a 'go-getter,' a salesman, a merchant, 'because I am thinking of the day when we'll have to fight for business, and I want someone who can get in there and pitch when necessary to get our part of the trade.' 2. 'I want a salesman who can get along with the public,' said a retailer, 'because there will be a time when we'll have to get the customer, if we expect to get his business.' 3. 'I want some men who are not afraid to work,' said a building contractor, 'because I figured this job close, and materials are going up every day. I'm willing to pay if I get the men I am looking for.'"

Some Workers Moving. As a result of this—and another important factor—job placement is becoming increasingly difficult, despite the apparent surplus of labor. The other factor is wage standards and living costs. Unemployed workers seeking posts now shop from job to job in each of one that pays a sufficient wage, Reedy said. The building principle of employment service—matching jobs and men—has all but been forgotten recently, Reedy said. "More jobs have been listed with the employment office during the past couple of weeks than have been listed since September, 1945," he said, "but the art of matching

MRS. W. D. SCHOMERUS

Marilynn Jackson, W. D. Schomerus Wed On Monday

Mr. and Mrs. R. C. Jackson have announced the marriage of their daughter, Marilyn, to W. D. Schomerus, son of Mr. and Mrs. W. S. Schomerus.

The single ring ceremony was solemnized by the Rev. Laurence Bates at the First Baptist parsonage in Weatherford on an evening of September 1. The couple was attended by Mr. and Mrs. Joe Pope of Fort Worth.

The bride was attired in a white crepe suit dress, and wore a white hat adorned with flowers and Kelly green accessories.

Her corsage was fashioned of white carnations tied with dimity satin ribbon. The bride was graduated from Corsicana High school. The bridegroom was graduated from Richmond High school prior to two years' service in the merchant marine. He attended Durham's Business College in Fort Worth.

After a short wedding trip to Missouri, the couple will be at home in Fort Worth.

Men and jobs falls miserably when many of these jobs go begging because of the lack of a worker willing to accept the job for one or more of many reasons.

Unemployment Mounts. The labor picture during August took a "short step backward" from the previous high level of employment, Reedy pointed out.

There were 287 people filed new claims for unemployment benefits while 224 suspended their claims, leaving a net loss of 63.

"Comparing the overall picture with an industrial layout of approximately 200 workers in the Corsicana area during August, it can be seen that total employment remained at a reasonably high level at the end of the month," Reedy said.

"Total active applications for work at the local office also dropped to a new low figure at the end of August, and is expected to go much lower during the next 60 days because of school and college enrollment by those who have been in the labor market during the summer months, and by temporary withdrawal of those who will follow the cotton harvest during the fall season."

Mrs. Mae Goodwin Of Bazette Dead

KERENS, Sept. 5.—(Sp.)—Funeral services for Mrs. Mae Goodwin, aged 63 years, who died Friday, were held Saturday afternoon at 4 o'clock from the Bazette Baptist church. Rev. J. L. Grant, pastor of the church, conducted the rites. Mrs. Goodwin died in a Corsicana hospital. Burial was in Prairie Point.

Mrs. Goodwin was a life-long resident of the Bazette community. She was married to the late Tom Goodwin in 1900. Surviving are five sons, Lester, Chester, Land and Clyde Goodwin, all of Kerens, and John Goodwin, Dallas; three daughters, Mrs. Clint Holliman and Miss Lucile Goodwin, both of Kerens, and Mrs. Lummy Burrow, Roane; four brothers, Ben, Jim and Guy Lancaster, all of Kerens, and Clyde Lancaster, Oatage; two sisters, Mrs. John Simms, Nacogdoches, and Mrs. John Holliman, Corsicana; 17 grandchildren and two great-grandchildren.

Stanton's Funeral Home directed.

Tupelo WSCS In Session On Tuesday

The Tupelo WSCS met Tuesday night, Sept. 2, and held a social at the church there. The regular business session was omitted.

The meeting was opened with a song and the Lord's Prayer was repeated in unison. Mrs. Boyd McMullan gave a Scripture reading. A buffet style supper was enjoyed by all.

Thirteen regular members and members of their families were present. Visitors were Mr. and Mrs. J. D. Mullins, Mr. and Mrs. P. J. McMullen, Jr. and son, and Missouri, and Mrs. Charles Hubbard and daughter, Goldie Jean.

NAME DIRECTOR TO ENFORCE SANITARY REGULATIONS HERE

The City of Corsicana Friday had a director of sanitation, whose duties will be to enforce existing sanitation regulations as they pertain to the recently enacted garbage, brush and trash ordinance, and the dry toilet control.

Mayor Hubert T. Braselton announced Friday morning that the city commission had agreed to engage the services of Jess A. Megarity, former selective service board official.

Megarity's salary was set at \$175 a month. He will receive an additional \$35-\$40 a month automobile expense, and must furnish his own vehicle.

Number of Applicants. Mayor Braselton said that he received a number of applications for the new municipal post, and he wanted a man for the job.

Megarity was approved by all of the members of the commission. He will be to enforce the new ordinance, and to see that service is maintained at the high standard the city officials are determined to demand.

Responsible to Megarity, the trash truck drivers and their assistants will be responsible to Megarity, and the commission will be responsible to the city.

Some of these include spreading of trash by the loaders after it has been placed for disposal, tearing up of containers, irregular pickups. He also will bear the brunt of any complaints that arise over the new ordinance.

Dry Toilet Charge. Particularly will he enforce the dry toilet charge of the sanitation department, remedying a situation whereby only about half of the fees due are now being paid.

In the matter of all delinquencies the city commission is taking particular interest. Mayor Braselton will insist that a list of delinquent water, sanitation and tax delinquencies be furnished the commission each month.

Megarity, who has held several public posts, recently was a member of the city equalization board.

CITY BUYS FARMERS MARKET SITE FROM B.R.I. FOR \$2,500

The city Friday had a place for a municipal market—if and when it comes.

Mayor Hubert T. Braselton spent a short time Thursday afternoon negotiating with a land representative of the Burlington Rock Island Lines, and announced a plot at East Fourth Ave. and Ninth St. had been purchased for \$2,500. The area is 125x140 feet and consists of three lots in Block 257.

The representative had been authorized to sell the piece of land at the stipulated price of \$2,500.

Mayor Braselton said the matter would be submitted to the city commission, which authorized him last Tuesday to consummate the deal.

Tyson Visits Corsicana. Paul L. Tyson, well-known Texas high school coach and teacher, was a Corsicana visitor Thursday afternoon.

Tyson was coach at Waco High school about a quarter of a century and later served in a similar capacity at South Park (Beaumont), and last year headed the Jesuit High school in Dallas.

Judge and Mrs. A. P. Mays left today by automobile for Western and Central Canada.

Patsy Murphrey Of Kerens Is Wed To Denton Resident

KERENS, Sept. 5.—(Sp.)—The marriage of Mr. Patsy Murphrey, daughter of Mr. and Mrs. Pat Murphrey, to Bill J. Coleman, son of Mr. and Mrs. C. E. Coleman, Denton, was solemnized on Thursday evening at the First Baptist church, with the Rev. J. W. Ousley, Waco, officiating.

The altar was decorated with ivy, and lighted with white tapers in bronze stands.

Organist Dwan Bruner presented a pre-nuptial music, with the traditional wedding, marches. Miss Jacqueline Reese, accompanied by Ben Henson, sang "I Love Thee" and "Bacchus."

Gown Described. The bride, who was given in marriage by her father, wore an ice blue slipper satin gown fashioned with fitted bodice and deep net yoke. The full skirt fell into a chapel-length train. Her finger-length veil of imported rose-point lace fell from a tiara of orange blossoms and red pearls. She carried a bouquet of white mums outlined with lace.

Mrs. Frank Bert, matron of honor, and Misses Ann Bain, Ann Ford, Fannie Johnson, Ogleby, and Hone Hardy, Bridgeport, bridesmaids, wore pink net dresses and carried colorful bouquets of white carnations and gardenias.

Bill Bush, Oswatimie, Kan., was best man, and Douglas Crouch, Denton; Jack Vought, Wichita Falls; Wade Hearn, Italy, and L. E. Gray were ushers.

Immediately following the ceremony a reception was held at the home of Cleo Owen. The threatened anti-union wedding cake was served by Mrs. A. D. Moody, sister of the bridegroom, and Mrs. J. H. Parker, sister of the bride, presided at the punch bowl. Miss Glenn McCoy was in charge of the bride's book.

When the couple left for a wedding trip to Oklahoma, the bride was wearing a grey gabardine suit with blouse and gloves with other accessories of black.

Mrs. Coleman is a graduate of Kerens high school and will be a senior at NTSC next year. The bridegroom, a gradué of Denton high school, spent four years in the army and also will enroll at NTSC this month as a senior.

Out of town guests at the wedding were Mrs. C. B. Coleman and son, Earl, Denton, and Mr. and Mrs. Bob Mills and Mr. and Mrs. C. R. Lloyd, Corsicana, and Mrs. J. H. Parker, Gainesville.

A rehearsal dinner was given Friday at 7 p. m. at the home of Mr. and Mrs. A. L. Bain with Misses Ann Bain and Ann Ford as hostesses.

Zinnias were used to decorate the dining table and small tables from which the three courses were served to members of the wedding party and Jim Scott of Italy.

TWO NEW BUILDINGS SOUGHT BY COUNTY VOCATIONAL SCHOOL

The Navarro county vocational training school seeks to acquire two surplus buildings at Camp Bowie, Brownsville for use as class rooms. School Co-ordinator Ralph Evans announced Saturday.

J. Fred Horn of the U. S. Office of Education's surplus property utilization program in Austin, will be in Evans' office at the courthouse Monday to consider the school's request, Evans said.

The buildings would be removed from Camp Bowie to Corsicana and Kerens at the Navarro vocational school's expense.

Classes in the school will resume Tuesday following a two week vacation. Evans was back in his office Saturday after a trip to California.

Bar's Lose Game In Arlington Meet

The Corsicana Bar's softball team was eliminated from the Arlington Invitational Tournament Friday night when it dropped a 4-2, ten-inning tilt to the Bar's Bottlers of Dallas in the second round.

The Corsicana team took a two-run lead early in the game. Dallas tied the score up at 2-all at the end of the regular seven innings. The Dallas team scored the two winning runs in the tenth, when a Corsicana error let in two runs.

Charlie Smith saw mound duty for the local club.

Negro Woman Injured. Georgia Woodard, 53-year old Trinidad negress, was in the P. & S. Hospital Friday with a broken left leg, following an automobile accident a short distance east of Kerens on Highway 31 shortly after 5 o'clock Thursday afternoon.

According to reports, a truck driven by Coley E. Henshaw of Richardson figured in a collision with the car in which the negress and Tommy Woodard, her husband, were riding. The negro man was not hurt.

A Stockton ambulance answered the call and brought the two negroes to Corsicana.

NROTC Midshipman Edward Currie Jahn, son of Mr. and Mrs. F. H. Jahn of 2316 West Ninth Avenue, has participated in a summer training cruise aboard the battleship USS Iowa on duty in the Pacific area. He is student at Rice Institute, Houston, Texas.

Damage Suit Filed In District Court

An \$11,000 damage suit has been filed in Navarro county district clerk's office by the City of Dawson against W. C. Osborne and others, and a temporary restraining order was issued Saturday by Judge A. R. Stout of Waxahachie preventing the defendants from operating machinery used to shell and grind corn. A. P. Mays, regular district judge here, is out of the county.

The plaintiff's petition alleged that the defendants' operation of the machinery inside the city of Dawson caused surrounding homes to "become filled with dirt, dust, smoke, husks, chaff and other particles" and that "great sounds and noises" were given off and emitted and become exceedingly obnoxious to plaintiffs, so much they can't enjoy the comforts and conveniences of their homes.

Sept. 13 was set for hearing the plaintiff's application for an injunction against the defendants.
